

RES/RHS Passing the Goal Line

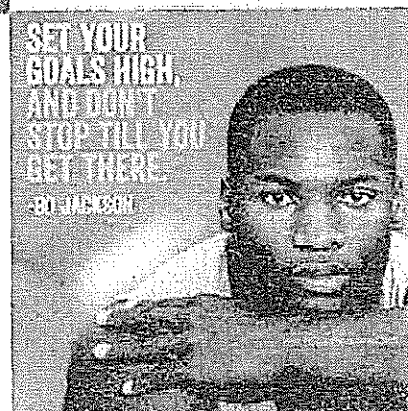

Ranburne Elementary and Ranburne High School

- Pre Game Planning
- Accountability Chalk Talk
- Practice Strategies
- Half Time
- Final Score

Pre-Game Planning

Our teachers, administrators, community leaders, parents, and some of our students have worked together as a **team** on a game plan specifically for our schools. That game plan is called our Continuous Improvement Plan (CIP). The CIP is our offensive game plan to score an academic touchdown in reading and math. Our game plan also includes plays that will improve safety, attendance, and parent involvement for victory!

The CIP game plan will take us all year to play but in the end we will have a blowout game!

Accountability Chalk Talk

The Alabama Accountability Act states that we must have a touchdown in Reading, Math, and Attendance and/or Graduation Rate in order to win by making Adequate Yearly Progress (AYP).

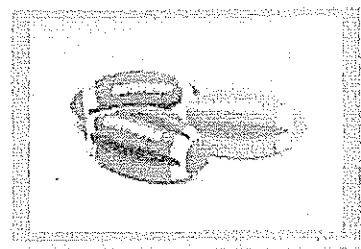

Our school looks at the State Accountability Testing and our Graduation Rate as our rule book to gauge academic success.

Our school's Graduation Rate has been over 95% for the past 5 years.

Our school has identified areas of strengths and weaknesses from the ACT, ACAP and State Accountability Testing that we will work as a team to improve.

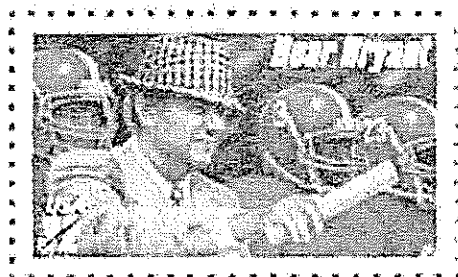

*The will to win is
meaningless without
the will to prepare.*

Joe Gibbs

Setting a goal is not the main thing. It is deciding how you will go about achieving it and staying with that plan.

Tom Landry

*Never quit. It is the easiest
cop-out in the world. Set a
goal and don't quit until
you attain it. When you do
attain it, set another goal,
and don't quit until you
reach it. Never quit.*

Bear Bryant

Half-Time

By half-time (mid-year) we will see how much progress we have made toward that big academic touchdown. The only way we can stay in the game is if everyone on the team is working together for a win. Coaches will help those players who need more practice to pass the goal line!

Final Score

The Every Student Succeeds Act (ESSA) was signed by President Obama on December 10, 2015, and represents good news for our nation's schools. The new law builds on key areas of progress in recent years, made possible by the efforts of educators, communities, parents, and students across the country. For example, today, high school graduation rates are at all-time highs. Dropout rates are at historic lows. And more students are going to college than ever before. These achievements provide a firm foundation for further work to expand educational opportunity and improve student outcomes under ESSA.

Practice Strategies

Our CIP team looks at our game film (our test scores) each year and determines our strengths and weaknesses. Your teachers and administrators will be your coaches and with your hard practice they will lead you to victory!

Reading Game Plan:

RES- Reaching proficiency status on STAR CBM (end of year) for all students.

Increasing the scores on the ACAP Reading Assessment

RHS- Increasing the number of students proficient on State Accountability Testing (ACAP) in grades 5-8 for Reading, Language, and Science.

Math Game Plan:

RES- Increasing the number of students proficient in Math.

Increasing the scores on the ACAP Math Assessment

RHS- Increasing the number of students proficient on State Accountability Testing in Math.

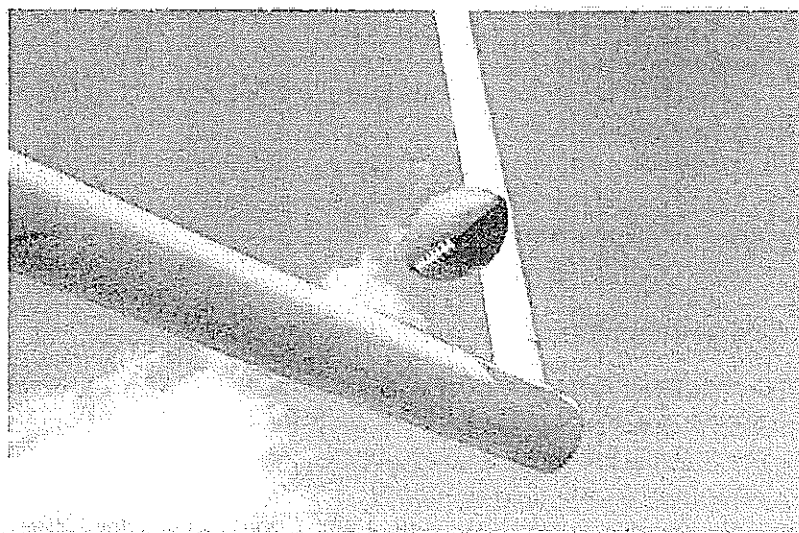

Increasing the scores on the ACT and ACAP in Math.

Parent Involvement Game Plan:

RES/RHS- Improve parent involvement through better communication and notification of parents.

The Six W's:

Work will win when wishing won't.

*Don't let what you cannot do interfere with
what you can do.*

John Wooden
